ABOUT ME

I am a driven Software Engineer with the ability to adapt to any situation and proven potential to grow myself and others. Offering reliability, punctuality, and attention to detail, with dynamic problem solving and customer service talents.

OBJECTIVE

To be the part of a reputed organization that provides steady career growth along with job satisfaction, challenges and give a valuable contribution to the success of the organization.

WORK EXPERIENCE

WIMTACH – Centennial College
Student Research - Developer
(June 2020 - January 2021)

This experience at WIMTACH allowed me to use the knowledge skills that I gain in class and work on a real-world project. I was able to put into practice Agile principles and programming coding to develop a fully responsive web application using NodeJS, MongoDB, Express, Bootstrap. Also, includes Google Authentication and Text to Speech features

Carlson Wagonlit Travel
Corporate Travel Sales Consultant
(June 2011 - December 2018)

This experience was important to build great customer service skills and adapt to any situation and fast solution thinking to solve problems to help our team and our clients. Due to high-quality services, I was promoted to the team of consultants for the executive board of Vale SA.

EDUCATION

Centennial College
Software Engineering Technician Software Engineering
(September 2019 - April 2021)
4.4 - High Honours

This program emphasizes object-oriented software design methodologies, user-oriented interface design, C#, Java, Oracle, HTML5/JavaScript, MEAN stack, software testing and QA. Though a combination of lectures followed by computer software labs, team work projects and hands-on exercises I was able to develop skills in the area of front-end responsive web design using HTML, CSS, JavaScript, Bootstrap, NodeJS, Angular, React, MongoDB and Express.

Universidade Veiga de Almeida (Brazil)
BACHELOR OF TOURISM AND HOSPITALITY Tourism
(January 2006 - June 2009)
4.0 - Honours

This program helped to develop important skills to become the professional that I am today. Especially customer services talents, work in team collaboration, responsibility and attention to detail.

HOBBIES

Eager to learn new things. Really loving learning programming coding.

Avid traveler who loves to travel around the world to meet new places and culture.
